

A close-up photograph of a garden. In the foreground, there are several large, bright red flowers with multiple petals, possibly a type of geranium or pelargonium. Behind them, there are dark brown, almost black, upright, blade-like leaves. The background is filled with various green plants, including some with small orange and yellow flowers, and some with fine, feathery leaves. The overall scene is lush and colorful.

is a prince persuaded, and a soft
tongue breaketh the bone.
