A close-up photograph of a cluster of purple flowers, likely azaleas, with prominent stamens. The flowers are in various stages of bloom, showing delicate petals and long, thin stamens with yellowish tips. The background is a dark, out-of-focus green, suggesting foliage.

Word Study for --- LINTELS

An aerial photograph of a coastal region. A narrow, elongated strip of land, densely covered with green trees, runs diagonally from the top left towards the bottom right. This strip is flanked by shallow, light blue water on one side and deeper, darker blue water on the other. The overall scene is a mix of natural greenery and aquatic environments.

Zep 02:14 And flocks shall lie down in the midst of her, all the beasts of the nations: both the cormorant and the bittern shall lodge in the upper lintels of it; [their] voice shall sing in the windows; desolation [shall be] in the thresholds: for he shall uncover the cedar work.
